

ZEPHYR® III

Pulse-Cleaned Portable Dust and Fume Collector

Portable Air Cleaner for capturing welding fumes, grinding dusts, dry dusts, soldering fumes, and other airborne particles.

Standard Features & Benefits —

- Complete unit—just plug it in to 110V/1Ph/60Hz and you're collecting dust and fumes.
- Roll out dust drawer
- Quick clamp cartridge sealing/removal
- Exterior arm adjustments
- Heavy duty fume arm is obstruction free inside.
- Easy, 360° hood positioning
- 700 cfm at the capture hood (1250 cfm free air—no resistance).
- **Three stage filtration:**
 - Primary spark trap
 - Gold Cone® HemiPleat®
 - Carbon after filter
- **Large wheels with swivels and brakes** for ease in moving and positioning
- **Tough powder coated surface finish** inside and outside
- **Venturi assisted pulse cleaning**, manually activated
- **Dust drawer grid minimizes dust re-entrainment**
- **110/1/60 VAC 1 Hp motor** (15 amp circuit required)
- **Thermal overload in motor starter switch**
- **25' extension cord**
- **The only thing you need to supply is the electrical feed and compressed air line.**
